### Tonmeistertagung Products

#### Exhibition space, trade fair booth & conference rooms at the CCD Düsseldorf on a rental basis

The CCD Düsseldorf has designated areas at the 1st floor that can be built with exhibition stands, taking into account escape routes and fire protection aspects.

These areas can be viewed on the [TMT master plan](#) to serve as a template for booking and planning. The areas have individually different widths and depths. The depths mentioned are not variable, but if the width is sufficient, a division of the area is conceivable.

The power connection for exhibition areas or prefabricated booths must be ordered separately. This is not necessary for booked conference rooms in the CCD.

#### Advantageous prices for VDT member companies.

Sponsoring companies of the VDT e.V. (Association of German Sound Engineers) receive a **discount of 8%** on prices for areas and conference rooms. This does not apply to products from our third-party suppliers or vendors (prefabricated stands, accessories, etc.).

#### Surcharges:

R = Rowbooth = one side open

C = Cornerbooth = two sides open (+ 5 %)

H = Headbooth = three sides open (+ 10%)

I = Islebooth = four sides open (+ 15%)
